Re: Proposed replat of tract 6, Las Palomas Estates.

Dear Mr. Drgac,

We have received and reviewed the plat for the above described location. This plat consists of making 2 tracts of land out of an original 5.43 acre tract 6. The proposed lot sizes are sufficient for OSSF regulations. No portions of the proposed tracts lie in a regulated floodplain.

All septic systems must be at least 100 feet from a water well.

All OSSFs in the subdivision must be constructed in compliance with the existing rules and regulations

If these regulations are met then this department has no objections to the plat.

If there are any questions please call our office at 657-4409.

Sincerely,

A handwritten signature in black ink that reads "Pam Weishuhn". The signature is written in a cursive, flowing style.

Pamela Weishuhn DR, CFM
