

# Christoval Community Cleanup

**Date:** May 8, 2010

**Time:** 9:00am—3:30pm

Rebuilding Together, San Angelo, Inc in conjunction with the Christoval Community Chamber will be holding a Community Cleanup for the city of Christoval. We have arranged for a team of approximately 100 youth volunteers to assist in the cleanup by removing all debris, clutter, and unwanted materials from local homes.

Homeowners have already been informed of the upcoming event as well as the requirements they will have to meet in order to receive our service. They will have to sign release waivers and a work plan indicating what will not be removed.

We are currently making arrangements with Trashaway Services to provide dumpsters and landfill service.

Because of the rural setting, we anticipate a large amount of brush to be included in the cleanup. In order to maximize our dumpster usage, we are requesting a means to reduce the amount of space the brush will take up. We are requesting assistance in the form of chipper shredders from the County Commissioners.

In order to allow for the work to progress as quickly as possible, we have requested members of the community donate the use of any flatbed trailers or front-end loaders to help move debris. We would also like to request the assistance from the County Commissioners in the form of front-end loaders, if possible.

For more information or if there are any questions, please contact myself (Javier Medina) or Kendall Green at:
