Remarks:

Hello Judge—

Attached is the list of the On-Site Sewer Facilities (OSSF) applicants which have completed the financial eligibility as well as the initial inspection portion of the requirements and must now be approved by the Commissioner's Court to move forward in the process which is to have a site and soil evaluation.

Ms. Karel Zaleski, San Angelo-Tom Green County Health Department Inspector has conducted the initial evaluations for the attached list of applicants and has determined that new septic systems are needed for two homeowners and only a lid on the third (see attached list).

Since there appears to be additional funds in this grant I will be planning on doing additional outreach to hopefully attract other homeowners interested in participating in the program and will get back to you with more details within the next couple of weeks.

The following items need to be placed on your Tuesday, April 13, 2010 meeting in order to move forward:

- 1. "Consider and Approve list of eligible applicant homeowners for Tom Green's TxCDBG Contract #728165 On-Site-Sewer Facilities (OSSF) grant project".** (see attached list)

Thank you for your assistance related to this project if you have any questions you can contact me at (512) 420-0303.

Regards,

Yolanda Pedraza
CD Project Manager
