

2. Precinct #3:

Name new private road

Suggested Name:

Smith Blvd

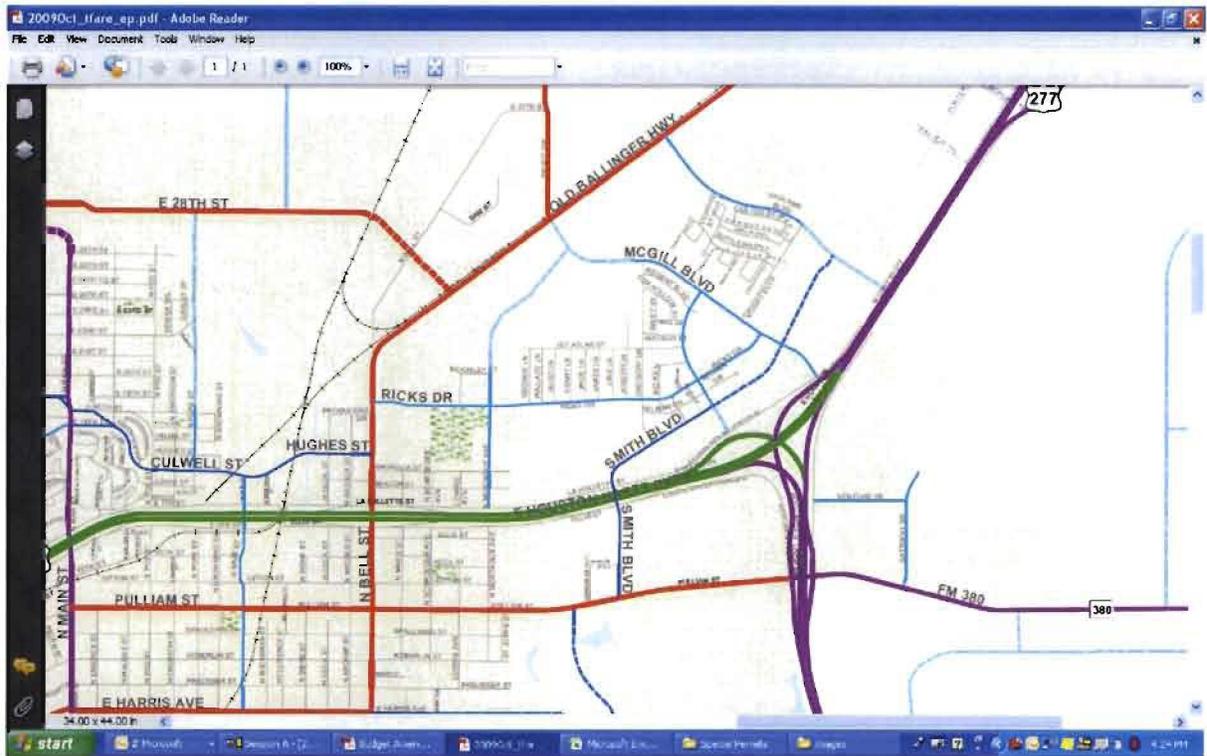

Per AJ Fawver with the COSA Planning Division, “proposed extension does not extend beyond the City limits at this time (it ends at a planned projection of PauAnn Blvd), so it appears that we do not have plans to extend it that far.” I have included a printout provided by AJ.

In researching an address request in this same area (at the eastern end of Porter Henderson Trl), I pulled plat copies of the subdivision Paul Gregory. Each section of this subdivision shows Smith Blvd. These plats were approved by the COSA in 1981 and 1983. (Copies included)

The Court approved that if a filed plat has a named road, then that is the name to be used if possible. It is recommended to name this private road “Smith Blvd” for two reasons.

1. It was on the original subdivision plat and approved.
2. This is an active area for development and the City could extend at a later date. Keeping with the plat name would prevent current residents/businesses from having to have an address change at a later date.
