San Angelo, TX 76903

Judge Brown,

Concho Valley Electric Cooperative, Inc (CVEC) requests permission from the Court to construct and operate a three phase distribution line within the County right-of-way along Pulliam Ranch Road in Precinct 3. This line will replace an existing line on the west side of Pulliam Ranch Rd. and continue north to the entrance gate of Pulliam Ranch for a distance of approximately 1.75 miles. The purpose of this request is to provide to the members of the Cooperative in the area better quality of service. At the end of this line is the Buffalo Heights subdivision which has become populated to the point of requiring higher service demands and the existing line can not provide this. Should the Court require additional information, please contact me. Please reference the enclose map.

Sincerely,

Tommy Earnest
Supervisor of System Improvements & Communications
