Road issue to be presented to Commissioners' Court on May 10, 2011:

1. Precinct #1

Request to name new Private Road

This request came as a result of address verification from the Wildcat Fire. Resident listed at 15999 uses this road as the sole access to get to his property located in the adjacent county of Coke. The resident at 15101 uses the same access. Both locations would receive new house numbers.

The requested road name ties this in with the Rock House Ranch that has been around for many years in Tom Green County. The ranch is named after the limestone that was extracted from the hills directly behind the "Rock House".

Recommend a new private road be named with two addresses changes. This area IS NOT in the ETJ.

New road is indicated in blue and the current address points are displayed.

**PROPOSED NEW PRIVATE ROAD NAME:
ROCKHOUSE RD**
