San Angelo, TX 76901

RE: Placement of a single phase power line within the east right-of-way of George Trail

Please accept this letter as notice of Concho Valley Electric Cooperative's intent to place a single phase power line in the east right-of-way of George Trail. This proposed pole and anchor location is across the intersection of Socha Loop and George Trail in the east right-of-way. CVEC's power line will extend south approximately 400' to our consumer's property. This extension is to provide electric service to a residence.

I thank you for the courts cooperation and consideration on matters such as these. Please call if there are any problems.

Sincerely,
Alton Cantrell
