**\$31,957,913.27 Month Ending Balance**

*As a matter of internal accounting procedure, any interest earned that is posted by financial institutions to our accounts on the last business day of the month is not included in the combined statement of receipts and disbursements until the following month. The total amount of deposits in custody as of the date of this report is the amount of deposits per the combined statement of receipts and disbursements plus the interest earned amount on page 5 of this same report. In addition Credit Card Clearing Accounts are booked the following month and can be found on page 28*

The Treasurers' Monthly Report has been submitted and the Bank Reconciliation are pending review by Auditor. {LGC 114.026(b)}

All investments are in compliance with both the Public Funds Investment Act and the Tom Green County Investment Policy. The investment strategy is passive, which maintains a liquid cash flow and safety of the investment as priorities. As your Treasurer I keep a watchful eye to ensure that the "return of our principal" takes precedent over the "return on our principal". {GC 2256.023}

## BROKER DEALER SERVICES DIVISION PRICING, INDICATIVE DATA AND OTHER DISCLOSURES

In connection with your agreement pursuant to which this report is furnished, the prices of securities and indicative data reported or reflected herein generally are provided by vendors and ratings agencies ("vendors") used by the Broker Dealer Services Division (BDS) of The Bank of New York Mellon (BNYM) in the ordinary course of business. Prices and indicative data are not independently verified by BNYM, and may contain errors or omissions.

With respect to certain newly issued securities, if vendors do not provide prices, such securities will be priced at par or the new issue price for up to three business days. Thereafter, if vendors do not provide prices, BNYM will obtain prices from at least one broker or dealer (not including your transaction counterparty), if available. Otherwise, such securities will be priced at zero, unless other arrangements are agreed in writing.

With respect to certain securities other than new issues, vendors may not provide prices and may not update prices previously provided on a regular basis. If vendors do not provide prices or update previously reported prices within three business days, BNYM will obtain prices from at least one broker or dealer (not including your transaction counterparty), if available. Otherwise, such securities will be priced at zero, unless other arrangements are agreed in writing.

Notwithstanding the foregoing, certain hard-to-price, thinly traded or illiquid securities are priced monthly with no adjustment during the interim period (details are available upon request by contacting BDS Triparty Services). Certain Fed-eligible securities will be assigned a price by reference to other Fed-eligible securities issued by the same issuer and having the same pool type and interest rate (BDS Triparty Services will provide information concerning its methodology for pricing such securities upon request).

Although BNYM will not obtain securities prices from your transaction counterparty, BNYM may obtain from your transaction counterparty securities information other than price (e.g., offering memoranda, observable and non-observable information and assumptions) in order to assist BNYM's pricing vendors in determining prices for particular securities.

With respect to certain securities that are not widely held or regularly traded, vendors may report prices based on valuation models which reflect underlying non-observable assumptions that may not be accurate or complete and such models and/or prices may not be regularly adjusted.

The prices reported by BDS herein may differ from the prices reported or used by other divisions of BNYM or its subsidiaries or affiliates, and such differences may or may not be material. Margin values reported herein may differ from margin values used by BNYM for its own account or for the account of its subsidiaries, affiliates or other clients.

Unless otherwise agreed in writing, securities held as collateral may include securities in default, provided that the market value of such securities is made available to BNYM by a pricing service which BNYM uses generally for pricing such Securities.

Unless otherwise agreed in writing, securities held as collateral may include securities issued by your transaction counterparty or its subsidiaries or affiliates.

#### Definition of Weighted Average Maturity (1) & (2)

\*(1) "WAM Days" is the mean average of the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid, (b) would be repaid upon a demand by TexPool, or (c) are scheduled to have their interest rate readjusted to reflect current market rates. Securities with adjustable rates payable upon demand are treated as maturing on the earlier of the two dates set forth in (b) and (c) if their scheduled maturity is 397 days or less; and the later of the two dates set forth in (b) and (c) if their scheduled maturity is more than 397 days. The mean is weighted based on the percentage of the amortized cost of the portfolio invested in each period.

\*(2) "WAM Days" is calculated in the same manner as the described in footnote 1, but is based solely on the periods of time remaining until the securities held in TexPool (a) are scheduled to be repaid or (b) would be repaid upon a demand by TexPool, without reference to when interest rates of securities within TexPool are scheduled to be readjusted.

#### Definition of Average Monthly Yield (3)

\*(3) This current yield for TexPool Prime for each date may reflect a waiver of some portion or all of each of the management fees.

Since market conditions fluctuate suddenly and frequently, the portfolio holdings may change and this list is not indicative of future portfolio composition. County Court Cause No. OOP542

County Clerk Records Volume 401 Beginning Page 621

Various oil, gas and mineral royalty interests were willed to Tom Green County to be used for the Library of Tom Green County.

Only working interest is the Yates Field, which is continuing to produce positive cash flow.

These holdings will be held until such time as the Commissioners' Court deems it prudent to divest said holdings.
