Road issue to be presented to Commissioners' Court on October 08, 2013:

1. Precinct #4

Correct county road name (Kenley Rd) on TGC Road List and map.

In the process of assigning a new address on this road, it was discovered there is a discrepancy in the road name. I spoke with a resident on this road who stated it had always been Kenley Ln. The road was named after her family. I contacted Road/Bridge Supervisor Raymond Torres for verification. The description of what is maintained by TGC was also discovered to be incorrect.

It is my understanding that the road name and description should be:

KENLY LN

From: Hilltip Rd to Mineral Wells Rd, then Mineral Wells Rd for approximately 1,200 feet going north.

The information was verified by Road/Bridge. This correction will result in four addresses being corrected from Kenley Rd to Kenley Ln.
