The Honorable Steve Floyd
Tom Green County Judge

San Angelo, Texas

Re: Prevailing Wages for Construction

Dear Judge Floyd:

Texas Statutes, Section 2258.022 of The Government Code, require that prevailing wages be determined, published in the bid specifications, and paid on public works projects. The Code allows the public body to either determine the prevailing wage by performing their own survey or by using the Federal Davis Bacon Wage Scale.

In the past, Templeton Construction has performed an independent wage survey on behalf of the County and presented it to the commissioners for approval. It has been some time now since that was done and we felt that it was time to perform and update that wage survey with the library renovation pending.

Attached to this letter is the updated wage scale that we are presenting to you for Commissioners Court approval.

If possible this should be placed on the next court agenda so that the proper scale may be incorporated into the bidding plans and specifications for the Library renovations.

Please let me know if you have any questions and the actual date of the meeting in which this will be presented so that I may be sure to attend the meeting.

Thank you.

Sincerely,

Gary McClure
President

Tom Green County Wage Decision
