February 17, 2014

Commissioner Aubrey De Cordova  
113 W Beauregard AVE  
San Angelo, TX 76903

Commissioner De Cordova:

Concho Valley Electric Coop. proposes to build an underground power line on the west side of Wood Road. Concho Valley Electric will set a pole in the existing overhead power line and then dig a ditch going west across the county right of way. The ditch will be approximately 3' deep and the wire will be in a 2" conduit across the right of way. The drawing on the following page shows the location of the electric line on the county right-of-way.

If you have any questions, please call.

Thank you,

Terry McCracken  
Engineering Technician
