Re: Proposed plat of Stone Key Estates Section 3 Subdivision.

Dear Mr. George,

We have received and reviewed the plat for the above described location and have found the following:

This plat consists of taking 10.39 acres and making 2 tracts and the remaining 8.29 acers. No portions of the proposed tracts lie in a regulated Floodplain. The proposed lot sizes are sufficient for OSSF regulations. The planning material you provided indicate the soils are suitable for standard septic systems and each site will have to be evaluated on a case by case basis to determine the type of OSSF to be considered.

All septic systems must be at least 100 feet from a water well.

All OSSFs in the subdivision must be constructed in compliance with the existing rules and regulations

If there are any questions please call our office at 658-1038.

Sincerely,

A handwritten signature in cursive script that reads "Pam Weishuhn".
