

COUNTY INDIGENT HEALTH CARE PROGRAM INTERGOVERNMENTAL TRANSFERS

Senate Bill 872, 83rd Legislative Session states that:

A county may credit toward eligibility for state assistance intergovernmental transfers made under Subsection (d) that in the aggregate do not exceed four percent of the county's general revenue levy in any state fiscal year, provided:

- (1) the commissioners court determines that the expenditure fulfills the county's obligations to provide indigent health care under this chapter;
- (2) the commissioners court determines that the amount of care available through participation in the waiver is sufficient in type and amount to meet the requirements of this chapter; and
- (3) the county receives periodic reports from health care providers that receive supplemental or incentive payments under the Texas Healthcare Transformation and Quality Improvement Program waiver that document the number and types of services provided to persons who are eligible to receive services under this chapter.

This certification indicates that Tom Green County Commissioners Court has performed due diligence to assure that the intergovernmental transfers provided by the county meet the above conditions to be considered a reimbursable expenditure for June 2014 (month) for the County Indigent Health Care Program.

County Judge
County Indigent Health Care Program

Honorable Judge:

Legislation passed in the 83rd Session of the Texas State Legislature, Senate Bill 272, provides that counties may credit intergovernmental transfers (IGT) made to provide health care services as part of the Texas Healthcare Transformation and Quality Improvement Program 1115 Waiver, up to 4% of the county's general revenue levy for county indigent health care. In order to credit IGT funds, the legislation requires that the commissioners court of the county determine that the expenditure fulfills the county's obligations to provide indigent health care; and that the amount of care available through participation in the waiver is sufficient in type and amount to meet the requirements of the Health and Safety Code, Chapter 61, pertaining to Indigent Health Care and Treatment Act. In addition, the commissioner's court must receive periodic reports from health care providers that receive supplemental or incentive payments under the Texas Healthcare Transformation and Quality Improvement Program waiver that document the number and types of services provided to persons who are eligible to receive services under this chapter.

Using the County Indigent Health Care Program Monthly Financial Report, Form 105, counties indicate whether any IGT funds were expended. When IGT funds are reported, the attached determination must be completed, signed, and returned to the County Indigent Health Care Program before the Program can release payment. Please return the determination by fax to (512) 776-7203, or by e-mail to cihcp@dshs.state.tx.us.

Thank you for your support and participation in the County Indigent Health Care Program. If you have any questions, you may contact me by telephone at (512) 776-2172 or by email at connie.berry@dshs.state.tx.us.

Sincerely,

Connie Berry, Manager
Texas Primary Care Office
