Re: Proposal for Mold sampling throughout

Dear Mr. Killam:

Please find below my recommendations for sampling the basement through the third floor. You will see I have made recommendations, however, upon our arrival, we may decide to change rooms or you may have different areas you will want sampled.

This is to establish a minimum number of samples that could be taken. As stated above we can adjust this.

### Basement

One unit serves all of the basement

Suggested samples and location

*District* County Clerk area  
• Juvenile Probation

*Dist. OK* Coffee & Lunch  
• Cashier & Bookkeeping

*Areas on original drawing of Courthouse*

### First Floor

Three Units serves the first floor

Suggested samples and Location

*District* County Clerk Area  
• Abstract Area  
• Court Room A  
• Room 128  
• Room 133

ENVIRONMENTAL SPECIALISTS

BEDFORD  
805 FOREST RIDGE, SUITE 107  
76022  
817.354.9890

SAN ANGELO  
324 WEST 26TH STREET, STE. B  
76901  
325.944.0931

Second Floor

Twelve Fan Coil Units

- Court Room A
- Court Room B
- Court Room C
- District Clerk 228
- District Clerk 224
- Room 215
- Room 213
- Hall to Area of Room 241

Third Floor

Four Units

- Corridor 305
- Law Library
- Room 301
- Room 313
- Room 310
- Room 303

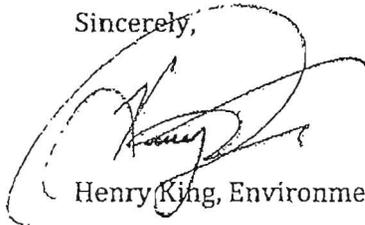

I also propose 8 Swabs from different units from the coils or duct.

Fees

Fee for sampling time, inspection and Documentation, report	2,600.00
23 Sets of Air Samples @ 200.00 ea.	4,600.00
8 Swabs @ 200.00 ea.	1,600.00
Total Estimate	<u>\$ 8,800.00</u>

Don, if there are any questions please contact me. I am planning to be in San Angelo at the time of sampling to assist Bobby Allen. At that time, we will address the sample locations and any changes you wish to make.

Sincerely,

Henry King, Environmental Consultant
