The Honorable Commissioners Court of Tom Green County

Statement of Sole Source recognition

Axon Enterprises, Inc. is the sole owner and exclusive seller of TASER X26P and related products to law enforcement agencies. X26P CEW products, batteries, holsters, data port download kits, and warranties are sole-source, proprietary products that can only be obtained from them due to the existence of patents, copyrights, secret processes, or monopolies. I could not find anything to the contrary and their claim to sole source appears to be correct. The Sheriff's office would like to purchase warranties and holsters for the tasers that were recently procured with grant funds. Pursuant to Local Government Code 262.024 (7)(A), I recommend that the Commissioners Court accept this signed statement of sole source availability, and enter into the minutes a statement to that effect.

Very cordially,

A handwritten signature in blue ink that reads "Nathan Cradduck". The signature is written in a cursive, flowing style with a long horizontal flourish extending to the right.
